## Great Rates - Guaranteed

At Franchise Payments Network (FPN) we are highly competitive when it comes to rates. We offer your franchisees one competitive rate that NEVER goes up - no strings attached. In fact, we have no cancellation fees so there is no risk in switching to FPN, only benefits.

## PCI Compliance & Security

As a business owner PCI Security has never been more important than it is today. Fact is that your customers are less likely to ever shop you again if their data is breached at your business. Not only that, but as a franchisee you also impact the rest of the brand if it hits the news. FPN works with only PCI certified POS companies and works with you to ensure that you are PCI certified. Fact is that just one data breach could cost you your business.

## Customer Service Professionals

FPN Knows franchising. When you call FPN customer service you can rest assured that the agent you are speaking with knows your franchise system and you will not be transferred around from department to department. FPN performs all customer service in house and never uses an overseas support company.

## Accepting Payments Everywhere

Whether you are taking payments at your store, online, on the go, or a combination of ways FPN has the state of the art solutions to help you capture your transactions securely and at the most cost-effective way.

## 180+ Franchise Brands of Experience

FPN has served over 180 great franchise brands. No other processor has this kind of experience in your space. It takes years of honing the special skills needed to support both the Franchisors and their Franchisees.

## POS/CRM Technology Integrations

FPN's processing solutions are compatible with most point of sales systems and processing. FPN has helped over 100 franchise systems streamline their electronic payments, gift and loyalty systems giving them a one stop recourse. Let FPN help you navigate the complexities of the electronic payments maze.

## Why have a preferred credit card vendor?

The reasons so many franchisors have chosen FPN are many, however, timely processing, saving on fees, and great customer service remain the most important. Having Franchise Payments Network (FPN) as your

approved credit card processing vendor give you a company you can trust for new franchisees. We make processing easy and we are committed to serving your franchisees experienced service.
